

# WIN £10,000

of Sensory & Well-being Lighting Solutions, designed by

Due to the overwhelming response to our £10,000 Visualite donation in 2018, we are pleased to announce that we are once again teaming up with SALUS Global Knowledge Exchange to donate a £10,000 prize of Visualite Sensory and Well-being Lighting Solutions. The winner will be announced on 9th June at the 6th European Healthcare Design 2020 Congress at the Royal College of Physicians, London.

## The judging panel:

**Emma Stockton**  
Consultant Anaesthetist,  
Great Ormond Street  
NHS Trust

**Jonathan West**  
Senior Fellow, Helen  
Hamlyn Centre for Design,  
Royal College of Art

**Tricia Down**  
Head of Sustainable Health  
and Capital Planning,  
North Bristol NHS Trust

2018 £10,000 donation winner:  
Southport and Ormskirk Hospital NHS Trust

In collaboration with:

## Eligibility

Any department treating and caring directly for patients in any healthcare facility operating within the primary, community, secondary or tertiary care sectors within the United Kingdom is eligible to enter the competition. This includes but are not restricted to medical wards and clinical departments of general, district, specialised and teaching hospitals and clinics. Winners will be invited to participate in the European Healthcare Design 2020 Congress ([www.europeanhealthcaredesign.eu](http://www.europeanhealthcaredesign.eu)) to accept the donation.

## Application Process

Applicants to receive the donation will be required to complete the application form by the deadline of **12 noon on 31st March 2020**, demonstrating their suitability to receive the donation according to the criteria set by the competition organisers. All applications must also include an award nomination letter from a senior board level executive in support of the department's submission.

### Application Form:

1) Demonstrate your knowledge of the impact of the environment on patient recovery

2) Describe your department's vision for its interior environment

3) Will the donation support existing investment or provide new investment in the interior environment?

4) Describe the patient profile and how they and their families/visitors will benefit

5) Describe the staff profile and how they will benefit from the donation of a Visualite solution

6) Would you support us to conduct a post-installation evaluation of the Visualite solution?

7) How will the department benefit from participating in European Healthcare Design 2020?

8) Would you be interested in learning more about Visualite solutions?
